EXPERIENCE

Internship, USTP CDO - Civil and Sanitary Works Section Feb 5, 2025 - April 30, 2025

JOB REQUEST SYSTEM

UI/UX Designer and Project Manager

- Led the design and development of a Job Request System, working closely with stakeholders to understand their needs and create an easy-to-use platform.
- Created clear outlines and visual drafts to guide how users move through the system.
- Managed schedules, organized team tasks, and held regular meetings to keep everyone updated.
- Spoke with users and tested the system, making improvements based on their feedback.

Internship, Land Transportation Franchising and Regulatory Board - Region X Sept. 15, 2025 - Dec. 15, 2025

DOCUMENT MANAGEMENT SYSTEM

Web Developer

- Designed and developed a Document Management System for organizing, tracking, and updating office records.
- Planned the project, set timelines, and handled all tasks from start to finish.
- Tested the system with users and improved it based on their feedback for better usability.

LTFRB - EVALUATION SHEET

- Developed a structured evaluation sheet to score and rank applicants based on qualifications, interviews, and exam results, with automated calculations for accurate and consistent assessment.

Part-time Instructor, USTP CDO - Information Technology Department January 12, 2026 - present

- Taught Systems Integration and Architecture subject, guiding students in designing and integrating scalable software systems.
- Facilitated hands-on projects involving APIs, databases, and system deployment.
